

Watershed Education Legislative Day in Sacramento

Wednesday - Thursday, April 14-15, 2004

Sponsored by

**California Watershed Network
Cal Coast
Wetlands Recovery Project**

**Watershed Management Council
Salmonid Restoration Federation
Jones and Stokes**

Who Should Attend?

All watershed groups, Advisory Board Members, Commissioners, Trustees, Friends, Supporters, Citizens, and Local Government officials who care about watersheds should participate

Why Should I Attend?

1. To promote watershed restoration and management in California and raise the level of understanding of watersheds with legislators
2. To share with legislators the projects in their districts, how healthy watersheds have improved the lives of Californians, and why support is imperative especially during this period of economic downturn
3. To demonstrate to legislators that watershed efforts throughout the state are supported by grassroots groups, agencies, local government and individuals
4. To thank legislators for their past support of watersheds
5. To learn effective legislative education technique

The Mission of the California Watershed Network is:

To help people protect and restore the natural environments of California watersheds while ensuring healthy and sustainable communities.

California Watershed Network Goals:

1. To enhance involvement in watershed management at the local, regional and state levels.
2. To improve the effectiveness of watershed groups by collaborative communications, shared learning and public policy.
3. To enhance coordination between government agencies, public stakeholders and local watershed groups in developing watershed initiatives and programs at the state level.
4. To promote the use of science for water and watershed management.
5. To promote conservation education.
