

GOVERNOR ARNOLD SCHWARZENEGGER

May 1, 2007

*California Watershed Network*

I am pleased to offer my greetings as you celebrate Watershed Awareness Month.

Clean water is a vital natural resource for Californians, the United States and the world. The conservation of our pure water supply is essential to protecting public health, wildlife, agriculture, economic development and recreational activities.

I salute you for investing your time and expertise to educate Californians about where their water comes from and the many ways each of us can preserve our precious watersheds. Thank you for encouraging community organizations, educators and other concerned groups to conduct watershed awareness activities this month and throughout the year.

Your advocacy helps sustain our water resources for future generations.

Sincerely,

A handwritten signature in black ink, appearing to read "Arnold Schwarzenegger".
